

What are cookies?

Cookies are small text files that are placed on your computer or device when you visit a website. They are widely used in order to make websites work more efficiently and provide basic functionality such as remembering preferences or filling out forms. They are also used to provide information and insights to the owners of the site that help to improve performance and offer a better user experience.

Cookies on www.itlmedical.com

This site uses cookies. The table below explains the cookies we use and why. We will not use any of this data to personally identify you.

Cookie	Name	Duration	Purpose
Session cookies	PHPSESSID JSESSIONID	Session Session	These cookies are used for the website to function and to improve the performance of the website.
Security cookies	wordfence_verifiedHuman wf-waf-*	24hours 24hours	These cookies are necessary and are used to keep this website secure. It collects your IP address to monitor activity in order to prevent access by malicious IP addresses.
Google Analytics	_ga _gat _gid _utmz _utma	2 years 24 hours Session Session 90 days	These cookies are used to collect information about how you use our website. The information collected includes number of visitors, pages visited and time spent on the website. The information is collected by Google Analytics in aggregated and anonymous form, and we use the data to help us make improvements to the website. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance. Click here for more information about Google Analytics and your privacy.
Live chat cookies	__livechat	2years	These cookies are from our live chat tool. They are used for the functionality of the system, to remember your preferences and to send analytical data

			about how many people are using the website.
